Follow us on:

From the Desk of Jesse K. Thorpe, General Manager

Dear Members,

Officially we are in the dog days of summer. The August-September stretch is an endurance contest. For those intrepid members who go and play tennis, golf, pickleball, croquet, etc. it is a fight against the elements, heat and humidity at the top of the scale.

As noted in other publications, we have some significant efforts we will be working through. Many of these activities were either scheduled pre-pandemic or are dictated by the best time for agronomic recovery. So a few reminders:

- On August 1 we plan on going active with a new software platform- Northstar Systems. This software will allow a one-stop means of accessing your club. Booking dining or athletics reservations, tee times or court times represents the tip of the iceberg. Once staff gets up to speed with the new system, we anticipate some streamlined services in the dining rooms. Everyone will need to be patient while members and staff learn a new way of doing things, but over time this will be a great benefit to all.
- On August 10 we will close the Links Course and Clubhouse for course aerification and for some updates to facilities. Foremost among these is the replacement of a 30-year-old elevator and the aesthetic update of the Golf Shop.
- On August 24, the Creek will close for aerification and we will continue work on cart paths and bunkers both at the Creek and at the Links.

As we have a no deferred maintenance policy at the Club, we are committed to continuous improvement in our facilities and infrastructure so we can serve you better.

Finally, I know I join many of you, who are ready to move beyond COVID-19 restrictions and adjustments. Our staff, our members and their families and their health and safety continue to be of vital importance to us.

Meanwhile, thank you for continued support, kind words and utilization of our facilities!!

Jesse K. Thorpe CCM GM/COO

General

- All members must enter through the Main Entry of the Club and be observed for temperature, and other health conditions.
- The Governor's order specifically suggests that persons over 65 or having underlying health issues should avoid crowds of people. In all cases we ask that members exercise judgement regarding their attendance at Club activities or events.
- Towel Service for the pool, golf course, and fitness center is restored.
- Please use the hand sanitizing stations placed throughout the facilities.
- All members and guests are required to wear masks while inside the building including the Fitness Center while exercising or until food and/or beverage is served at the table. Please remember to bring your personal mask and wear it, even if only accessing the locker rooms. A properly worn mask covers both the mouth and nose. No exception.

- Members must accompany guests as described above, at all times.
- Members and Guests who come from major cities or hot spots as designated by the CDC or have traveled from international locations should self-quarantine for 14 days.
- We will continue with a cautious approach to increased access to the Club by guests. Expanded guest access and other changes to access will be put in place when the Governor takes action to move to Phase Three.

Dining

- 100% of the furniture has been restored to The Tavern Terrace and the Ternstand.

- All names for a table must be provided when the reservation is made.

MGA News...

Submitted by Jim Griffin,
Vice President MGA

Hello MGA Members

Because of the Corona Virus our MGA tournament season has come to a screeching halt as you know. However we have tentatively rescheduled the following tournaments if conditions allow.

Summer Shoot Out: (Fall Shootout)	October 1 & 2, 2020
Men's Senior Championship:	October 16 &17, 2020
Veterans Tournament:	November 7, 2020
Dunes Classic:	Canceled
Presidents Cup:	December 4 & 5, 2020
Dunes Challenge:	December - TBD

With all that the virus has done to everyone's lives and routines we are fortunate to be able to continue to play golf here at Hammock Dunes. Our staff in the golf shop and our course superintendent and his staff have done a Herculean job to allow us to continue to play golf at both courses. A hearty thanks to Brad, Gina, Tom, Mike, Devin and Matt from the MGA members.

There have been some changes to your MGA Board, of note. Don Newsome who did an outstanding job as our president has moved on to support the club in other capacities. Vaughan Delk who likewise has left to pursue other interest. Ron Sykes has taken leave to handle a health challenge, as Garth McDonald has.

Your current MGA Board members are:

Ray Zukowski:	President
Jim Griffin:	Vice President
Louis Zomer	Secretary/Treasurer
Tim McClean	Events Specialist
John Balzarini	Events Specialist
Bob Bagdon*	Events Specialist

*Bob is stepping in to fill in for Ron Sykes

Here's hoping we can return to normal sometime soon. Stay safe.

HDLGA News...18 Holers

Submitted by Nancy Yule, Vice President HDLGA

Hello All HDLGA members!

Unfortunately, we had to delay our Wednesday play days and will move forward with them once we are able to do so. We'll keep you apprised and email everyone when play days will start, as we move forward.

Currently we still have the HDLGA Opening Day scheduled for October 7 and we have the Fabulous Fall Shoot Out scheduled for October 21 & 22, so please pick your partners, because before we know it October will be here! Once again, a great opportunity to take a playing lesson from one of our pros to get ready for our season once we start. Go on the course with one of our pros and strategize best shot possibilities and course management, which is always beneficial for our games.

"THE POWER OF POSITIVE THINKING"

One of my all-time favorite books is *The Power of Positive Thinking* by Norman Vincent Peale. The opening two sentences in the book are, "Believe in yourself!" and "Have faith in your abilities!" While I'm sure Mr. Peale wasn't thinking about golfers specifically, these are such great words of advice for us to employ in our golf games.

In addition to how we approach the game from a physical standpoint, the mental part of the game is equally as important. How does our on-course thinking, or lack of thinking, positively or adversely affect our playing and ultimately how we score? Once we can all re-channel the chatter that goes on in our heads, we will likely gain more confidence in our golf swings.

So often on the course I'll hear "On this hole I always hit right next to that tree, or, I always go into that bunker." Rather than putting negative thoughts out there, we should be telling ourselves, "I'm going to hit it to a spot right down the middle of the fairway." As we all know, it's truly amazing what we choose to think about (or not) and how if we simply focus our minds in a more confident direction, it will generally correlate into positive results. A peaceful mind, as opposed to a stressful mind, leads to a good swing and generates power, control and yes, confidence! When we have numerous swing thoughts in our heads, step up to the golf ball and expect good results, more often than not, the results are not as good. Oftentimes, our minds are cluttered, the negative thoughts go right to our grips, we tighten up, and the results are a poor shot. One woman I play with will take a very deep breath before every shot, set up to the ball and swing. What a great pre shot routine!

We know this game is difficult enough as it is. Let's make it easier on ourselves by taking the advice of Mr. Peale – change our thoughts as we address the ball, believe in our abilities, have more confidence, score better and simply enjoy the game, after all it is just that, a game!!

Hot Shots..

KIMMIE WISE – Hole In One at the Creek Course on #2 from the red tees. Her first Hole in One!

BRETT RIOTTO – Hole In One at the Creek Course on #16 from the blue tees

BART LAROSE - Beat his age by 1! He shot a score of 88 from the tan tees at the Creek Course

BOB HAMEL – Shot his age – 92 from the red tees at the Links Course

RENEE ALTER – Scored a "Sandy Eagle" on #15 at the Creek Course from the green side bunker playing from the tan tees

News & Notes

Audubon Corner...

The Swallow-tailed kite is a medium sized raptor, 24" tall with a wingspan of 48". It has beautiful striking plumage; a white underbelly and head, long scissor like black tail and black wings with white on the underside. This species is considered of highest conservation concern throughout its breeding range in North America. Staying airborne much of the time this raptor eats on the wing. It captures flying insects (loves dragonflies), plucks insects, nestlings and lizards from the tops of trees or snakes and frogs from the base of trees. It rarely flaps its wings while flying, but continuously rotates its tail to almost 90 degrees in order to hold its direction. Mostly it just drifts across the sky. Drinking is done by skimming over water and scooping it up in its beak. This kite migrates to its wintering ground in South America, an astonishing journey of over 4000 miles!

Please note the following adjustments to Club Operations:

- **The Links Course will be closed from Monday, August 10 and will reopen on Tuesday, August 18.** Following a consultation with the USGA Agronomist, a recommendation was adopted to increase the size of the aerification tines to remove more soil and reduce thatch. Because of the amount of play we experienced in May we were not able to aerify in the spring without impacting the capacity of the members to play. The larger holes will require more time to heal but will provide much needed relief from compaction in our greens. This inconvenience now, will benefit all in the long run.
- Because we will be limited to one course, there will be no group play blocks of tee times until the Links reopens. All players will be required to make a tee time.

Clubhouse services will be modified as follows during this week (August 10-17):

- Lunch at the Creek seven days of that week.
- Dinner take out only at the Links all seven days with pickup or delivery between 5 p.m. and 7 p.m. Please watch for the daily menu emails.
- The Fitness Center (6 a.m. - 7 p.m.) and the swimming pool (7 a.m. - 7 p.m.) will be open during this period. There will be no food or beverage service at the pool during this week.
- There will be no scheduled fitness classes during this week as Walter will be on vacation.

While closed, staff will oversee some important improvement projects at the Links. These projects include:

- Replacement of the elevator cabin, motors and electronics. The elevator is original, and the manufacturer no longer has replacement parts available. This process will require 2-3 weeks total, but the task of removing the existing cabin and equipment will occur in the first week and will be disruptive. Until the new elevator is cleared for use, all deliveries will have to be hand carried to the Main Floor.
- Crews will re-paint and install new fixtures and lighting in the Links Golf Shop.
- Outside contractors will be on site to refinish the floors.
- Additional small repairs and work.

The Creek will also be closed for aerification from August 24 - August 28. Additional details regarding this closure will follow, however, it would be a safe assumption that group play will be suspended this week as well.
