From the Desk of  
Jesse K. Thorpe, General Manager

Distinguished Emerald Club  
*of the World*<sup>™</sup>  
from BOARDROOM magazine

Dear Members,

With the pending return of many of our members from other places, it will be very important that all plan in advance when signing up for Club events, athletic and social. Tee times, court time and especially fitness class sign ups will be crucial to allow us to accommodate as many as possible, while still observing mandated safety protocols. As a practical matter, these things can be done using the links on the Club website ([www.Hammockdunesclub.com](http://www.Hammockdunesclub.com)). The new App for the Club and its services is nearly ready for release and will allow you, the member to track and sign up for a variety of Club events and activities, so keep an eye out for the release of that new tool.

As our dining reservations increase, we are still limited by the Governor's mandates. As we are only permitted 50% occupancy in the bar for seating, walk-in diners will be very limited in opportunities to be seated. As our numbers grow, depending on your preferred time seating might be assigned to the Oceanview Ballroom. Same menu, same service, same dress code- just a different venue.

Quick report- and big thank you- at the latest report: The Employee Emergency Assistance Fund raised roughly \$62,000. To date 43 employees have received help with the basics of life to the tune of approximately \$53,000. What a blessing and boon this has been for our wonderful staff!! We will start to recharge the fund with our first "Rally Event", the "Turkey Trot" on Thanksgiving morning. This year all Rally events will benefit the Employee Emergency Assistance Fund.

So, a million thanks for taking care of the staff, and for planning ahead as we seek to discover the "new normal" of Club Life.

*Jesse K. Thorpe CCM GM/COO*

## Conservative Phase 3

As you know, Club staff has done a magnificent job of modifying food service operations with expanded take-out and delivery service, grocery orders and the “Cook At Home” weekly featured meals. The organized bridge and canasta players are back, albeit masked, and playing weekly. Walter and his team have modified fitness classes to accommodate the mask requirement and we have very active out-of-doors events like Golf, Tennis, Pickleball, Croquet and Bocce in full swing. In fact, notwithstanding many rainout days, in August we ended with a 20% increase in golf rounds over 2019.

While the Governor’s Order has opened Phase Three, Club Operations will remain conservative for now, with the following restrictions:

- Effective October 1, members may invite others to dine at the Club. This will no longer be limited to immediate family only, however:
  - The Guest(s) must be accompanied by the member when entering the Dining Areas.
  - Guests must follow mask policies and be screened for temperature when entering the building along with members.
- Golf:
  - Effective October 1 members may invite outside accompanied guests. In all cases the member must always share a cart with their guest(s) and accompany them at all times. Such guests will be obligated to observe the mask rule, and the temperature screening at the entry, along with our members if they enter the Clubhouse(s) or stay to dine before/after golf.
  - Pool noodles will be removed from the cups.
  - Due to cart demand issues, we ask members who are willing to ride with fellow members to so indicate to professional staff and cart and shop personnel.
- Fitness: We will resume a full schedule of Fitness Classes with expanded capacity for participation. Members must always wear a mask (including over the nose) or a face shield while using any equipment or participating in any classes until further notice.
- Card Games & Activities: Members must always continue to use masks or face shields while playing (except when sipping a beverage) until further notice.

The change in the order represents a best effort to get back to “normal”, whatever that might mean. That said, your Club and its staff is taking a conservative and cautious approach to restoring levels of operation at the Club, while keeping the Club’s Members, Guests and Staff as safe and healthy as possible.

## Tips and Techniques from Pastry Chef Jim Guzzaldo

### Baking Technique #2 Creaming Butter

I previously outlined the cutting, or biscuit, method of incorporating fat into baked goods. The next technique I will dive into is the creaming method. The creaming method is in opposition to the cutting method in that soft, room temperature butter is blended into the product. A wide variety of products are made with this method, and the odds are that if you have baked anything from scratch, you have used this method already. It is used to produce chewy cookies (like chocolate chip), butter cakes, and even frosting.

Scan the QR code with the camera on your phone to view Chef Guzzaldo's full article and his delightful Vanilla Pound Cake recipe.

## Food & Beverage Happenings...

Happy Fall! We hope you have enjoyed our features over the last few months. It's been fun planning and creating some upcoming beverage opportunities that we know you will enjoy.

This month check the Tavern specials for Fall inspired Cocktails and a Wine flight.

With all of us unable to travel this year, I thought it would be educational to explore the wines of France vs. California or in other terms, Old World vs. New World wines.

Which will you enjoy more? So, what is the difference?

### Old World Wine

#### *Naming*

The wine takes on the name of the place where it was made. For example, a wine made from the grape Malbec in the Cahors region of France is called Cahors, not Malbec.

#### *The Process*

Wines made in the Old World must adhere to strict regulations. Tradition is very important.

The wine has been made a certain way for centuries, and maintaining this tradition is given priority.

#### *Taste*

Wines from the Old World tend to be leaner, with more acidity and tannins.

### New World Wine

#### *Naming*

The wine takes on the name of the grape that was used to make it. For example, a wine made from the grape Malbec in Mendoza, Argentina is called Malbec, not Mendoza.

#### *The Process*

Winemakers have the freedom to be more experimental and try new things. Strict traditions and regulations do not govern winemaking as much as in the Old World. This allows winemakers to experiment more, and use much more technology in the winemaking process.

#### *Taste*

New World wines tend to be richer, with bolder fruit flavors and a more “polished” taste.

#### Featured Wine Flight

Cambria 4 Clones Pinot Noir (California) vs. Louis Jadot Bourgogne (France)

Ferrari-Carano Chardonnay (California) vs. Chateau de La Greffiere (France)

Enjoy 8 oz. Flight for \$16 or on Happy Hour for \$8

## HDLGA News...18 Holers

Submitted by Nancy Yule, Vice President HDLGA

Hello to All HDLGA Members!

Similar to our everyday worlds, there's no question that as golfers, we all have significant people in our lives who have impacted our golf journeys. For me, I was first introduced to golf when I was very young by my grandfather Robert Yule. Oddly enough, I was introduced in a way that's much different than you would imagine. My grandfather would wake up at 4 a.m. on the weekends to sign up for golf that day so that he could come home and make breakfast for my father and me. I remember waiting with anticipation to hear all about his round. I loved hearing all his stories not only about how he played but also about the friends whom he had forged long lasting relationships. Week in and week out I was mesmerized thinking that a game of golf could give him so much joy, and vicariously give me that same joy. All of the grandfather's stories must have had a lasting impression on me as I didn't start playing golf until I was in my thirties, but I always had him and his stories on my mind. Once I started playing golf, I was instantly hooked!

For many of us, how we are introduced to the game and how we were introduced to every new experience in golf will no doubt have a lasting impression. Whether it's the first time you play in a fun event, or the first time you are playing in a tournament, or the first time you are playing at your new home course, all those memories stay etched in our brains. On most days, it's not what's reflected on the scorecard that stays with us... it's the experiences we have along the way, the friendships we make, the friendships we keep and the stories we can share that make this the greatest game ever.

With that in mind, now that turtle nest has hatched, the golf course maintenance is completed, and the HDLGA Opening Day is right around the corner, it's time to make new memories and create new friendships. Let's carry on the Hammock Dunes tradition of being the most friendly, hospitable community and on behalf of the your entire Board, give a warm welcome to our new HDLGA members; Marian Sloven, Sherry Settles (Congratulations to Sherry who shot a 72 at the Creek course!), Beverly Larimer and Sheila Gazzoli. Let's all make sure that their first impression is a lasting impression just as so many others have done for us.

Let the HDLGA season begin.

## MGA News...

*Submitted by Mike Gallagher*

Currently the Gallagher Group, formerly MGA Men's Day, is open to all members and has between 12 to 16 weekly players of mid to high handicaps. Teams are made, in an A-B-C-D format in an effort to balance handicaps. The game remains competitive, and winning the \$5 entry fee is a hard-fought weekly team goal. Most weeks, players receive a mulligan on the first tee and a "travelling mulligan" that can be used anywhere on the course. A recent highlight featured a 92-year-old gentleman who shot 91! Another player just had his 4th hole in one.

Everyone is welcome. We haven't turned anyone down, my 18 y/o grandson plays with us when visiting as do other family members. If you have five dollars, you're in. Our goal is fun, golf and enjoying the social aspects of the game. Give the Thursday group a try. Email Mike Gallagher at [mvadventure@bellsouth.net](mailto:mvadventure@bellsouth.net).

## **New and Improved GOLF**

The Virus has taken a lot from us, but golf is making a huge resurgence. Make sure that you are riding the wave!! Director of Golf Brad Myers will be conducting a series of clinics for women and men in all handicap ranges that will be held on Saturdays at the Links at 10 a.m. The clinic dates and topics are as follows:

Saturday, October 3 – Full Swing

Clinic price is \$35 per person per hour and each clinic will be available to the first 6 people that sign up for each clinic.

We are capping the number of spots available so that each member can receive an appropriate amount of individual attention. Six is also the maximum number we can do in one group for social distancing reasons.

Sign up today by calling the Links Golf shop (386.446.6222) and Make It Happen.

## News from the Golf Shop..

The late great golf writer Dan Jenkins once wrote, "Always keep in mind that if God didn't want a man to have **mulligans**, golf balls wouldn't come three to a sleeve." I think 2020 has been a "mulligan" year. Why don't we just have a "do over?"

Let's start with some October tournaments.  
Please make sure to sign-up for the following:

- October 1 & 2 – MGA Fall Shootout
- October 7 – LGA opening Day
- October 16 & 17 – Men's Senior Club Championship
- October 21 & 22 – LGA Fabulous Fall Shootout

We will be doing are best to meet all the COVID statutes to make these events as safe and as fun as possible.

And with these new tournaments, you are going to need new golf clothes to make a new statement. Remember the adage that it is more important to look good than it is to play well. Good thing we have begun landing all our Fall orders in the golf shops. Debbie Phillips, our new Director of Retail, would love to meet you and to show you new product. If you haven't seen the Links Golf Shop renovation, stop in soon. It looks Great!

And, with your new fashion statement, maybe it is time to up your game. Let us know if we can help you with your equipment or your swing. We want to see everyone improving and playing the best golf of their life. I will be offering clinics on Saturdays in October. Please see the flier in this Dunescape for more information. If you would rather have a private lesson, any of our pros would love to help you.

We hope to see you on the course soon.

### RUMOR! RUMOR!! RUMOR!!!!

Ladies! The rumors are true! We are getting free tattoos of the Club LOGO! NO. Hans got a Mohawk! NO. There are monkeys at the Creek! This could be true, but NO. The rumor that is true is: The Ladies Social Group (LSG), and the Ladies Golf Association (LGA) have teamed up to bring you:

#### Nine and Wine – October 30

This is casual golf at its finest. If you have ever wanted to give golf a try, now's your chance! The LGA will join the casual golfers to mentor and show the way. We will meet once a month at 2:30 p.m. at the Links, have a short lesson, and GOLF!

After nine holes (or fewer if that suits you better), we will retire to the Club for some girl time. If you only want to come for drinks and not golf, that's great too! The more the merrier.

#### A few notes:

- Limited to 16 players
- You **DO** need to have a Full or Sports golf membership to play
- Standard golf fees apply
- You must sign up in the golf shop, so we can make up our groups of mentors and newbies
- While this is casual golf, we do need to adhere to the course dress code
- If you need clubs, the LGA may have some to loan, or rent some from the Club

## Book Club

Book Club is on break through the end of the year. Due to the Covid-19 directives, we have missed three books and our usual end-of-year book swap. To keep you up to date, here is a reminder of the books we missed: EDUCATED by Tara Westover, OUT OF MY MIND by Andy Rooney, and NIGHT TIGER by Yangtze Choo. As a substitute for the book swap, here are two websites for summer reading choices: BookBub.com, BookBrowse.com.

Looking ahead, we plan to reconvene in January 2021, when it now appears fairly certain that we will be comfortable in a group gathering. If we are spared the second wave of the virus, we might reconvene sooner — that decision will be made in the fall. Regardless, the three books listed above will be our initial order of business. Other plans will be announced as the time approaches.

Meanwhile, happy reading.
